

# Creation and Covenant - Creation

**READ:**

**Genesis 1**

Every story has to have a beginning and the Bible starts with an account of how our earth was formed. Genesis, literally means beginning and in its early chapters this book presents a poetic progression of creation that begins with light. It moves on to describe the origin of sky, land and sea and how they are populated with plants, sea creatures and animals. In a final act humans are given responsibility for this world; a planet that is repeatedly described as good.

God chose to plant a garden called Eden for his people, Eve and Adam; a place for them to tend and enjoy. It was a perfect place to live but sadly they broke the rules that God had laid down. Not only was creation spoilt, but the family relationship between the creator and His people was permanently damaged.

**WONDER TOGETHER...**

...about how God is still the creative energy behind all that we see.

**DO:**

How many animals can you name for every letter of the alphabet?

As you read the story draw a picture adding what God created on each day.
