

WELCOME TO THE FIRST WALLINGTON ADVENT-ure TRAIL!

There are two things we want, as you take part - firstly, we want you to stay safe and to make sure that everyone taking part is following the most up to date government guidelines. Secondly, we want you to have some FUN - and maybe even win one of our prizes!

This is how it works...

There are 24 ADVENT-ure trail pages in the windows of shops and businesses around Wallington - in Stafford Road, Woodcote Road, Manor Road and The Square - like a big Advent Calendar!

Follow the clues to find the window for each day of Advent (starting on December 1st). On that day, the page will be turned round to reveal a superb picture drawn by one of the children from St Elphege's RC School. You will **not** have to enter a shop as the pictures will be on the windows.

Next to the picture will be a letter in a yellow star. Make a note of that day's letter and then add it to the code box. So, for example, if the picture in the window turned over on Day 16 had a letter 'G' in the yellow star, put the G in the Code Box below the number 16. There is no need to look every day, as once turned over, they will remain like that until the end of the month.

Once all the letters have been collected and filled in, the secret message will appear in the code box! (If, for last minute reasons, some numbers and letters can't be found where they should be, adults can find the latest information on our Facebook page at www.facebook.com/wallingtonlights). Then, all you need to do is to email the secret message to: wallingtoninsurrey@gmail.com before December 31st 2020. We will put all correct answers in a hat and the first 5 drawn out will be sent a £10 WH Smith voucher, thanks to our kind sponsors at **Carpenter & Co Solicitors** in Wallington.

Remember - stay safe, follow the government's guidelines...and have fun.
If you have any questions, use the same email address given above...

HAPPY CHRISTMAS!!!

Below are the clues for each day in December. Once you find each Advent window, you can collect the letters as the month goes on, then enter them into the 'Code Box' to uncover the secret message. The windows will remain in place until the end of December, so no need to rush out each day. Please make sure you follow the latest Government guidelines while taking part...and GOOD LUCK!
