Praise items

- The English teaching is going well, once a week, as is the music. Same neighbourhood but not so near the tip.

Prayer points

- Really for my health which is generally good but with some stomach niggles.
- That I would be able to prepare all the paperwork necessary for the "audit", for Latin Link International. Thankfully the guy who was acting in the past will carry on so he understands the system.

Thank you so much for your prayers

God bless

Trish.
